NEWS RELEASE: IMMEDIATE

Date: 13 March 2018

New partner at CT

Housing, charity and social care consultancy Campbell Tickell (CT) has announced that Sue Harvey, who leads on risk and regulation, has been promoted to Partner.

Sue has been with CT for 10 years and has been instrumental in the consultancy's growth as a leading adviser on risk and business assurance, finance and business planning for housing providers, charities and beyond. She has developed strong relationships with many organisations across the country and has particularly helped Boards and executives understand and manage their risk profiles, their assets and liabilities. A frequent blogger on such topics as regulation, risk appetite and audit, Sue's work has included helping housing associations prepare for regulatory in-depth assessments, governance reviews, business plan analysis, and merger project management.

An economist by background, Sue has frequently attracted rave reviews for her analysis of the wider environment, and her economic forecasts, which she insists are not forecasts.

She joins Greg Campbell, James Tickell, Gera Patel, David Williams and Radojka Miljevic as CT's sixth Partner.

Said Gera Patel, "Sue is a real star – she has been central to our development as a consultancy, and has consistently demonstrated the ability to deliver quality outcomes for a huge variety of organisations, from the smallest to the largest."
