

CHANDRAN FOUNDATION

Supporting Young People Since 1997

No child should have to go hungry. GETFED APPEAL

The Chandran Foundation aims to raise attainment levels of children across London, many of whom, because of difficult family circumstances, may be falling behind their peers. All our programmes are completely free to the schools and families we support, ensuring every child is able to access quality educational support.

The GetFed programme works with schools to provide children with free, nutritious meals. The coronavirus crisis has shown how many low-income families struggle to afford the costs of food for their children and the wealth gap is wider than ever before.

In response, we are now expanding the GetFed scheme to offer free meals for children in need throughout the upcoming Christmas period, ensuring no child has to go hungry.

Just £15 provides a child with healthy meals for one week.

With your support, we can make a difference to the lives of some of the most disadvantaged young people in our society.
